

Push for Assessment and Disclosure of “Stranded Assets” Continues

Apr 14, 2014

Reading Time : **1 min**

By: Paul E. Gutermann

Under the rationale of a “carbon bubble,” sustainability advocates in the corporate space have been advocating for publicly-traded companies to assess and disclosure the risk that their assets will be “stranded” as a result of changing regulatory regimes designed to address climate change.

To learn more about the carbon bubble concept and the resulting drive for disclosure, click [here](#).
