Key topics in Akin's April 2024 *Sustainability/ESG Policy and Regulatory Update* include:

- **Adoption of New SEC Rules:** The U.S. Securities and Exchange Commission has adopted new rules titled "The Enhancement and Standardization of Climate-Related Disclosures for Investors." This initiative aims to improve the transparency and consistency of climate-related information provided to investors. However, these new rules have faced legal challenges.
- **Biden Administration's Emissions Standards:** The Biden administration has finalized national motor vehicle emissions standards, which are part of broader efforts to reduce environmental impact and promote sustainability.
- **European Council's Corporate Directive:** The European Council has endorsed the Corporate Sustainability Due Diligence Directive, which is designed to ensure that companies are more accountable for their environmental and social impacts.
